One teaspoonfull of this paste makes a cup of highly flavored clarified coffee, swettened and ereamed, requiring only one minute to be made ready for use by the addition of boiling water. The purity of the materials and its extraordinary convenience ensure its adoption by all who give it a trial. Genetlemen of the army, navy, and merchant service, and travellers at sea erashore, who are often deprived of cream or even mill in their coffee, can always have this luxury by the use of the Cream Coffee, as it is warranted to retain its strength and aroma in all climates, and during the longest voyage.
